

Ring Sizer - For Guide Only

This ring sizer is to use when you have a ring to measure from.

Use one that is similar to the ring you want to purchase.

1. Print this chart out, making sure that you are printing at 100%. Don't choose 'scale to fit' or 'shrink to fit page' option.
2. Make sure the line below measures 5cm exactly.

3. Place your ring over the circles opposite.
4. Match the circle that completely fills the inside of the ring without overlapping.
5. The correct ring size is the letter shown within the circle.
